

## **Mintz & Gold Launches Accountants' Liability Practice With Rick Breslow to Lead**

New York New York, September 10, 2019 -- In response to client demand, Mintz & Gold, a full-service New York City-based law firm, has launched an Accountants' Liability Practice with veteran lawyer Richard (Rick) Breslow as the partner in charge.

Mintz & Gold's Accountants' Liability Practice will defend accounting firms and their personnel in civil litigation matters, regulatory investigations (including inquiries by the SEC, PCAOB, and State Boards of Accountancy) and professional disciplinary actions.

Senior litigator Rick Breslow, who will lead this new, dedicated practice group, has more than 30 years of experience advising and defending accounting firms and their personnel, including more than 25 years of service in the Office of General Counsel of two different Big 4 accounting firms, most recently KPMG.

Rick's practice will be supported by Mintz & Gold's broad-based litigation team which includes a number of experienced attorneys who are former prosecutors and/or former SEC enforcement personnel, who have significant experience representing clients in litigation and regulatory matters.

Rick and the other Mintz & Gold litigators are well-versed in complex commercial litigation, including defense of litigation under the federal securities laws and SEC investigations. Rick also counsels accounting firm clients on a wide variety of legal, compliance and risk management issues.

Co-founding partner Steven Mintz said, "We are excited to broaden our offerings and provide our clients with Rick's specialized, in-demand skill set."

Co-founding partner Steven Gold added, "We are expanding across practice areas and Rick gives the firm additional accounting and litigation expertise so that we can leverage off of our existing platforms including our investigations and litigation teams."

Rick Breslow said, "I'm excited to begin the next phase of my career with Mintz & Gold launching the Accountants' Liability Practice. The lawyers here are a talented and collegial team and I am looking forward to working with them."

Earlier this year, the firm added four partners in White Collar Criminal Defense and Investigations, Bankruptcy and Restructuring and Media, Intellectual Property, and Freedom of Information Laws practice areas and increased its office space by 33%.
